CITIZENS FOR A SAFE AND HEALTHY TEXAS

UNITING AND EDUCATING COMMUNITIES ON THE TRUE IMPACTS OF MARIJUANA.

Hello CSHT alliance!

We hope that you all enjoyed the holiday season with friends and family, even if it was different this year. We are back in the swing of things now and ready to work.

Many of you may have seen [Dan Crenshaw's surprising video](#) regarding the MORE Act released right before the holiday. It was no surprise to us as there are groups out there that have been in touch with him and other members of Congress, trying to get the science and evidence to them about the harms of the push to commercialize and legalize marijuana across our country; a push where those making decisions do not have the facts.

We would like to create a video on what has already occurred in Texas with limited marijuana use, including traffic incidents and fatalities, acts of

violence, addiction, child abuse, and neglect. If you have links/incidents that you would like to have included in this project, please send them to Aubree at info@safehealthytexas.org.

Also, if anyone has contact with Congressman Crenshaw and would be willing to send it to him, please let Aubree or Bronwen know. We will, of course, have you approve the video first.

Thank you for all you do!

Your CSHT team

P.S If you find this email in your spam folder or promotions folder, please drag it into your inbox so we can make sure you are receiving our emails. We will be sending out simple ways for you to educate Texas and Federal legislators.
